# Location Fragment (Phone/Tablet)

A mobile application interface for location input. The screen is white with a dark grey status bar at the top showing a Wi-Fi icon and the time 10:00. The main content area contains two text input fields. The first field is labeled 'City' and the second field is labeled 'State'. Below these fields is a horizontal line. At the bottom of the screen, there are two blue buttons: 'USE CURRENT LOCATION' on the left and 'NEXT' on the right. The bottom of the screen is framed by a dark grey bar containing three white navigation icons: a back arrow, a circle, and a square.
